USB Letter Declaration

March 21, 2011

Federal Communications Commission
Authorization and Evaluation Division

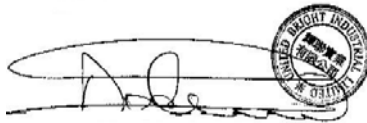

Part 15B testing is not necessary for this device because the USB port is for power charging only, no data transmission function.

End users are not able to connect to PC for data transmission via USB port.

Due to above reasons, this device didn't perform Part 15B testing, and FCC logo shouldn't be on the label.

Your understanding will be highly appreciated.

Sincerely,

A handwritten signature in black ink is written over a circular stamp. The stamp contains the text "UNITED BRIGHT INDUSTRIAL LIMITED" around the perimeter and "HONG KONG" in the center.
